- WW3 is not happening. *{Intel boards have confirmed US & Russian Troops working together}*
- Putin is not invading Ukraine. *{Remember Ukraine is not a sovereign STATE}*
- Putin is taking out **deep state black op bio labs** with precision strikes, who have been trying to create killer diseases right on Russia's border.
- Ukraine is a stronghold for **money laundering** and the **Biden crime family** will be exposed with information coming out.
- This couldn't happen under Trump as its bad optics and the **media love nothing more than to try to get Trump and Putin to fight.**
- Zelensky (a Ukrainian Trump who was elected) is in on this too but will do the optics dance.
- Putin will come out with a peace deal soon.
- Those of us who do pay attention to what happens on our planet know that **Putin is an enemy of the Globalists** and is **well aware of the Deep State presence in Ukraine.**
- This all goes back to when the **Neo Nazis** took more control after the Maidan Square massacre about 8-9 years ago, where the deep state used snipers on roofs to wreak havoc.

China is next ...

- China will kick off with Taiwan next like Trump told us.

Trilateral partnership ...

- Like I have been saying all along **Trump, Putin and Xi** are covertly working together to take out the deep state cabal.
- You are watching a show.
- The MSM will hype this all up and make people believe that WW3 is imminent, which is complete fake news.
- The result will be the exposing of the CIA's role in "the virus" as an attack on USA and China via Fauci leaked emails.
- This will expose the CIA's funding of the CCP, Big Pharma and to the normies, that yes there is such a thing as the cabal.
- **Xi** is like a **Trump** and is not an ally of the CCP.

- **Xi** was told not to bring **Trump** to the **forbidden city** when **Trump** visited but **Xi** did it anyway, which was such a huge deal as no one is allowed in the forbidden city, especially not someone from the West.
- **The Chinese people will soon be free.**
- This song and dance and show had to happen this way because your sheeple family and friends were too cowardly to wake up by themselves and refused to research or even question things even after the entire planet of healthy people were locked inside their homes because the media rebranded the flu and they were forced to get experimental Big Pharma vaccines to live life, for the first time in history.

These labs are co-run by **Fauci's EcoHealth Alliance** and rumor is Russia's entire military operation right now is unofficially to either secure and/or destroy these labs and gather evidence.

THE HOLY ALLIANCE (WHITE ARMY)

To understand what is happening in "Ukraine" you have to go back in history to 1815.

Russia, Austria (Habsburg Empire) and Germany (German Empire) form the "Holy Alliance." The Holy Alliance of 1815 was made after the fall of First French Empire. On Sept. 26 Emperor Alexander I, Austrian Emperor Franz I, and the Prussian King Frederick William III signed "The Act of Holy Alliance" in Paris.

The main goal of the union was to restrain liberalism and secularism in Europe.

After that the Russian sent his Navy to the USA (New York & San Francisco) to protect America from the British. Again, THE RUSSIAN NAVY PROTECTED AMERICA FROM THE BRITISH EMPIRE 207 YEARS AGO. 👍

At that time, Abraham Lincoln even had to flee from the British to Alaska. (Alaska then belonged to the Russian Tsar). The Russian "Tsar Alexander I" then offered Lincoln PROTECTION.

The British thought that if the Russians support the Americans, then things will look bad for us, but if Russia and the Americans support Germany, we Brits are OUT. So, the Briton incited the Turks (Ottoman Empire) and the Crimean Tartars to fight the Russians. Shortly thereafter, the Crimean War broke out.

EVERYTHING known from "history ONLY served to stop this Holy Alliance (White Army). Because it was the states (Holy Alliance) that called for conservative peace and the rule of law the most.

That was torture for the Brit. The Briton had 6 opponents at the time. Chinese Empire, German Empire, Habsburg Empire, Ottoman Empire, America and Russia. What do you do now as a Briton (UK) ??? You incite the enemies against each other. The plan was to destroy Russia, America and Germany forever.

Learn the history! Knowledge is power.

The modern day "Jews" were historically Khazars or Chazars, a Mongolian Nordic tribe who roamed northern Europe.

Khazars converted to Judaism in the 8th century, and migrated westwards into Eastern Europe in the 12th and 13th centuries when the Khazar Empire was collapsing.

I have witnessed Ukraine transform from a collapsing part of the Soviet Union to a liberal democracy and an open society. It has faced countless acts of Russian aggression, but has persisted.

Brave Ukrainians are now on the frontline and risking their lives in an onslaught that reminds me of the siege of Budapest in 1944 and the siege of Sarajevo in 1993.

It is important that both the transatlantic alliance (the United States, Canada, the European Union, and the United Kingdom) but also other nations do whatever is in their power to support Ukraine in its time of existential threat.
